- Wetland rehydration projects: <https://www.stiftungsland.de/themen-und-projekte/projekte/programm-biologischer-klimaschutz/klimamoor-projekte/>
 - restore wetlands around SH

What does climate change mean for you? Note down your ideas.

Climate change is the most prevalent, continued demonstration of human ignorance to date. It means the utter failure of governance in human society as a whole.

TODO: Finish

It is getting warmer. Assess this statement (M3, M6).

TODO: Finish

Describe possible effects of climate change in Europe (M8).

TODO: Finish

Explain the impact that higher temperatures can have (M5).
